

ASCCT 14th Annual Meeting

Oct. 21-23, 2025

**Institute for In Vitro Sciences
Gaithersburg, Md.**

ASCCTox.org/AnnualMeeting

Established in 2010, the **American Society for Cellular and Computational Toxicology (ASCCT)** is a scientific society dedicated to the promotion of toxicology testing and research that reduces and replaces the use of animals. Each Annual Meeting features the latest science in New Approach Methodologies and active discussions about their implementation. The meeting offers peer recognition, career guidance, and networking opportunities for establishing professional partnerships to scientists and students across career stages. Presentations feature speakers from industry, regulatory agencies, and academia highlighting case studies and recent 3Rs success stories.

Sponsorship Prospectus

Connect with an expected 100+ registrants and show your **support** for New Approach Methodologies (NAMs) at the **ASCCT 14th Annual Meeting**. Scientists and students from across academia, regulatory agencies, and industry, all working on the development and implementation of NAMs for regulatory toxicology, will come together for this three-day meeting to share ideas, bridge research gaps, and create opportunities for implementation of NAMs.

The ASCCT meeting is a focused gathering for networking and engaging with key stakeholders. Opportunities for engagement are available throughout the meeting.
